

Innovative Approaches Communication

Our innovative projects are designed to integrate evidence-based best practice in personalised learning, therapy and care programmes to maximise the wellbeing and outcomes of children with neurological conditions.

Music Therapy

Music therapy sessions from Nordoff Robbins to promote social, emotional, communication and physical wellbeing through interactive music-making.

PODD

Pragmatic Organisation Dynamic Display, a robust communication tool that supports autonomous communication at any time.

AAC

Augmentative and Alternative Communication, a range of tools and strategies that can augment or replace speech for those with complex communication needs.
