

Innovative Approaches Skills

Our innovative projects are designed to integrate evidence-based best practice in personalised learning, therapy and care programmes to maximise the wellbeing and outcomes of children with neurological conditions.

Swimming

Swimming Skills
assessed and developed
in our onsite
hydrotherapy pool.
Achieving ability,
fitness, awards
and fun.

EIP

Early Intervention
Programme
empowering parents to
integrate learning and
therapeutic activities
into day-to-day family
life, for children 0-3
years with neurological
conditions.
